Maison de Truffe — Assortment Box

Luxury 16-Piece Rigid Box Packaging & Die-line Specification | Ref: BOX-TRU-16

1. BOX CONCEPT & AESTHETIC STRATEGY

A premium rigid lift-off lid box designed for a 16-piece praline selection. Built with a heavy-duty greyboard core wrapped in textured linen-finish paper, featuring a debossed gold foil crest.

> **Unboxing Experience:** Features a snug friction-fit lid with a 12mm depth drop, internal velvet-touch food-grade cavity insert, and a satin ribbon pull-tab for effortless opening.

2. STRUCTURAL DIMENSIONS & MATERIALS

Component	Dimension (L × W × H)	Material Specification
Base Tray	160mm × 160mm × 35mm	1200 GSM Greyboard + 157 GSM Art Paper wrap
Lid	164mm × 164mm × 25mm	1000 GSM Greyboard + Textured Linen Wrap
Internal Insert	156mm × 156mm × 20mm	Custom thermoformed black PET with flocking
Ribbon Pull	120mm length × 10mm width	Double-faced woven satin ribbon (Gold hue)

3. SURFACE FINISHES & SPECIAL EMBELLISHMENTS

Exterior wrap utilizes deep charcoal grey matte lamination combined with multi-level blind embossing on the base artwork and gloss spot UV on secondary border details.

> **Foil Stamping Detail:** Hot stamping foil in Metallic Antique Gold (Kurz Alufin series) applied precisely to central brand crest with 0.2mm registration tolerance.

4. PRE-PRESS TECHNICAL CHECKLIST

Parameter	Target Value	Status
Color Profile	FOGRA39 / CMYK + Spot Gold Plate	Verified
Bleed Margins	18mm wrap-around bleed on all wrap sheets	Checked
Resolution	300 DPI minimum for raster graphics	Approved
Glue Allowance	15mm flange overlap zones	Verified

5. REGULATORY & REAR LABEL REQUIREMENTS

The base label must feature net weight declaration (250g / 8.8 oz), ingredient list in English and French, nutritional facts table, storage instructions (Store in a cool, dry place between 16°C–18°C), and manufacturer details [Maison de Truffe Artisans, Paris].
